This report is considered highly confidential and the sole property of the customer. DB Labs will not discuss any part of this study with personnel other than those authorized by the client. The results described in this report only apply to the samples analyzed. The reported result is based on a sample weight with the applicable moisture content for that sample. LOQ = Limit of Quantitation. Pesticide LOQ = Instrument Limit of Quantitation. Net into a content of the study with the subsected. NT = Not Reported. NT = Not Reported and the second samples performed within specifications established by the Laboratory. This product has been First of with Registration of these of the water state and quark to be the performed within specifications established by the Laboratory. This product has been the steaded by DB Labs, LLC (MME# 618897736101164525768) using valid testing methodologies and a quark performed within specifications established by Nevada state law. Edibles are picked up prior to final packaging unless otherwise stated. Values reported relate only to the product tested. The uncertainty of measurement associated with the measurement result reported in this certificate is available from the organization upon request. DB Labs makes no claims as to the efficacy, safety or other risks associated with any detected or non-detected levels of any compounds reported herein. This Certificate shall not be reproduced except in full, without the written approval of DB Labs.
